GET INVOLVED!

Above are the events we will be celebrating together across Bibby Line Group in 2023 as part of Project Compass to drive awareness and stimulate thinking about how we become a 'Family business known for creating a better future together'.

Take a look through the calendar and consider which activities you'd like to get involved in. The events with **GOLD STARS** next to them are key events and will offer lots of opportunities to take part - often spread out over a week - that we'd like everyone to get involved in.

We understand that we can't get involved with everything. For all events, there will still be ways you can take part, and we welcome your ideas and input to bring them to life. It's also helpful to consider how you might contribute to events and each point in general, as part of your day to day job.

Each event is different and we'll be in touch closer to the activity to let you know how you can take part and help us make a real and lasting difference to the causes, communities and people we are aiming to support through Project Compass. If you have any questions in the meantime email BLGcomms@bibbylinegroup.co.uk
